EDUCATION

University of Florida — B.A. Digital Arts and Sciences | 2023–Present
Relevant coursework: Principles of Digital Visualization; Principles of Interactivity and Usability; DAS Design and Production Studio I & II; Game Systems Development I; 2D Digital Animation Techniques

EXPERIENCE

Beast Code — Marketing & Design Intern | Jun 22–Aug 7, 2026

- Designed marketing graphics and Figma layouts; built reusable components using Boolean properties to support flexible design variations.
- Planned and set up photoshoots to support marketing and branding projects.
- Contributed to visual branding and creative production using Figma, Affinity, and Blender.

Freelance / Commission-Based Designer & Illustrator | 2023–Present

- Collaborate with clients and student organizations to develop graphics and illustrations tailored to project goals and intended audiences.
- Incorporate client feedback and provide design guidance throughout the creative process.

Genesis Dance Crew — Graphic Design Contributor | 2025–Present

- Create themed graphics for social media, showcases, and promotional materials; contribute concepts and feedback on designs.
- Complete time-sensitive design requests, including projects with 24–48-hour turnarounds.

Venus A Cappella — Design & Organization Contributor | 2025–Present

- Create social media templates and coordinate calendars and attendance materials.
- Collaborate with executive board members on audition processes, rehearsal organization, and performance themes.

SELECTED PROJECTS

HTML & CSS Web Design | 2026

- Designed and coded a multi-page website using HTML and CSS, with navigation, linked pages, and interactive elements.
- Applied visual hierarchy, consistency, and accessibility considerations to improve usability.

Mobile App Wireframing & Prototyping | 2026

- Developed user flows, wireframes, and an interactive Figma prototype for a mobile app concept.
- Revised layouts and navigation patterns to improve the user experience.

Shands Hospital Children's Book — Illustration | 2025–2026

- Illustrated a patient-focused children's book explaining hospital visits, procedures, and surgeries through approachable visuals and dialogue.

Social Media & Promotional Design | 2025–Present

- Created audience-focused digital content for organizations, using stakeholder feedback to refine visual communication and branding.
